

Trimestral Attendance Report

The following report was conducted with information from the BYTE 2021 Fall term. The courses included began October 6th and ended December 10th. The general attendance of participants, their ages, and their genders are introduced in the beginning of this report. Then, the specific courses and their assistance per session are outlined. Some brief notable observations and recommendations from instructors are also shared per course.

Average age of girls	12
Average age of boys	14
Average number of participants per session	9
Percentage of participants that attended 100% of the sessions	3%
Percentage of participants that attended 50% or more of the sessions	24%
Percentage of participants that attended 50% or less of the sessions	76%
Percentage of girls participants that attended 50% or more of the sessions	27%
Percentage of boys participants that attended 50% or more of the sessions	16%
Total percentage of group attendance	28%

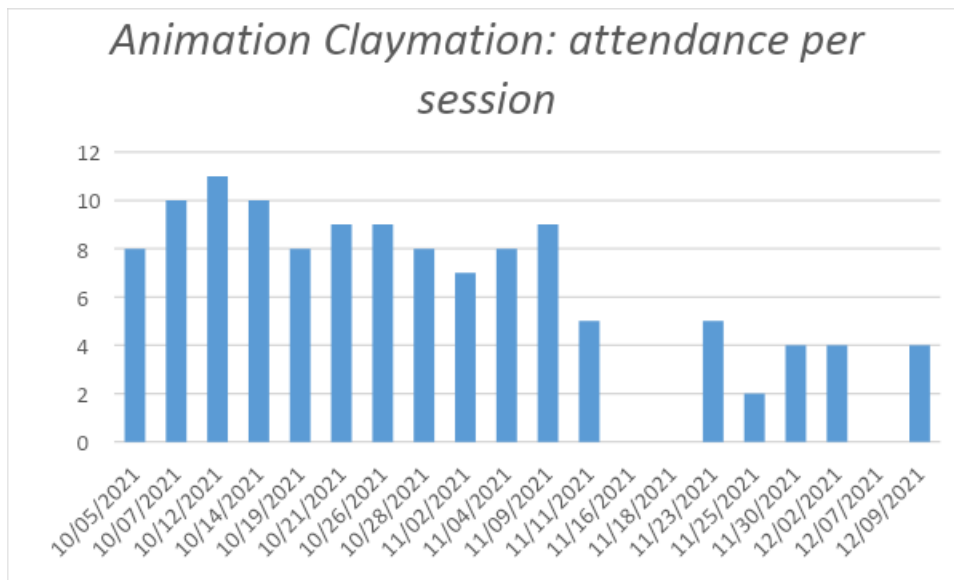

<i>Urban Art For The Youth: Attendance and Demographics</i>	
Enrolled participants	19
Total number of sessions	6
Percentage of girls	68%
Percentage of boys	32%
Average age	15
Average age of girls	15
Average age of boys	15
Average number of participants per session	12
Percentage of participants that attended 100% of the sessions	11%
Percentage of participants that attended 50% or more of the sessions	79%
Percentage of participants that attended 50% or less of the sessions	21%
Percentage of girls participants that attended 50% or more of the sessions	69%
Percentage of boys participants that attended 50% or more of the sessions	83%
Total percentage of group attendance	61%

Observations and recommendations:

- Attendance declined by the end of the course. Probably because of holidays.
- This was a very successful course. The overall attendance was over 60%.

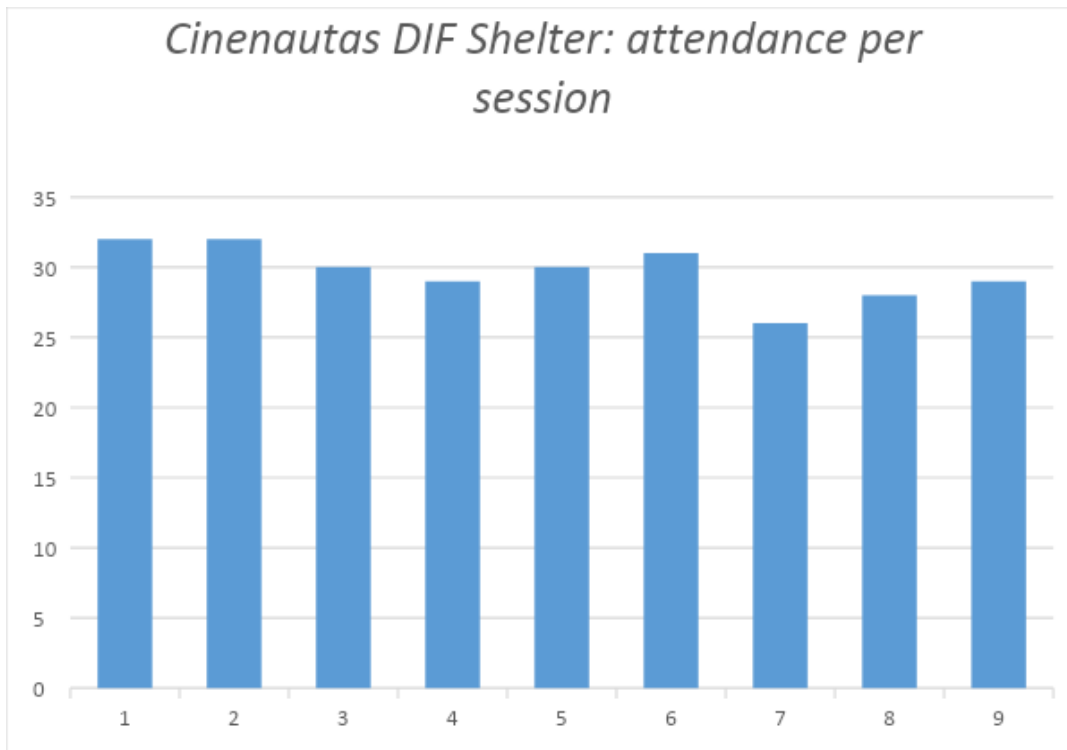

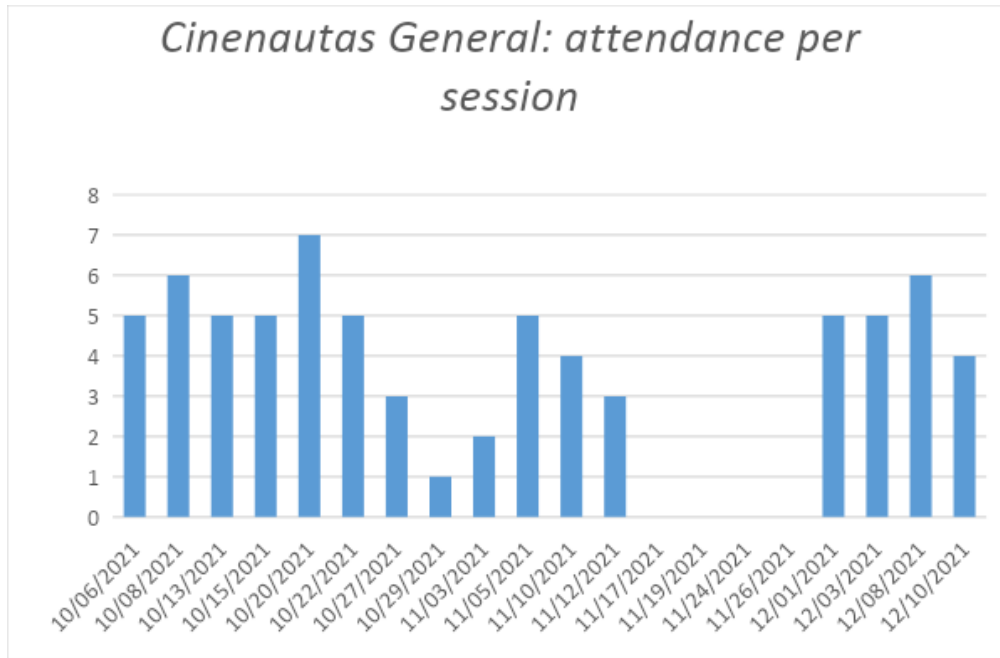

<i>Animation Claymation: Attendance and Demographics</i>	
Enrolled participants	11
Total number of sessions	20
Percentage of girls	36%
Percentage of boys	64%
Average age	10
Average age of girls	10
Average age of boys	10
Average number of participants per session	6
Percentage of participants that attended 100% of the sessions	0%
Percentage of participants that attended 50% or more of the sessions	82%
Percentage of participants that attended 50% or less of the sessions	18%
Percentage of girls participants that attended 50% or more of the sessions	80%
Percentage of boys participants that attended 50% or more of the sessions	86%

Total percentage of group attendance	60%
--------------------------------------	-----

Observations and recommendations:

- Attendance declined by the end of the course. Probably because of holidays.
- Instructors noticed some participants were having problems uploading videos to applications like WhatsApp. If this continues, it's recommended to do instructional videos or special courses to teach this digital skills.

<i>Cinenautas: Attendance and Demographics</i>		
	General	DIF Shelter
Enrolled participants	8	53
Total number of sessions	20	9
Percentage of girls	50%	53%
Percentage of boys	50%	47%
Average age	11	9.6
Average age of girls	11	10
Average age of boys	12	10
Average number of participants per session	4	30
Percentage of participants that attended 100% of the sessions	0%	30%
Percentage of participants that attended 50% or more of the sessions	25%	60%
Percentage of participants that attended 50% or less of the sessions	75%	40%
Percentage of girls participants that attended 50% or more of the sessions	25%	68%
Percentage of boys participants that attended 50% or more of the sessions	50%	52%
Total percentage of group attendance	45%	56%

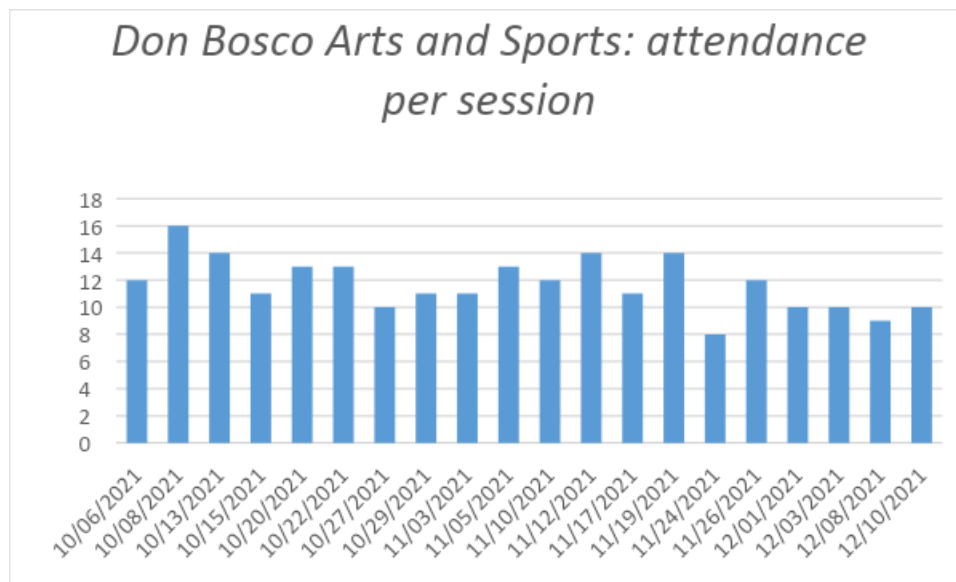

Observations and recommendations:

- In Cinenautas General Attendance became irregular through the course.

Byte trimestral attendance report FALL 2021

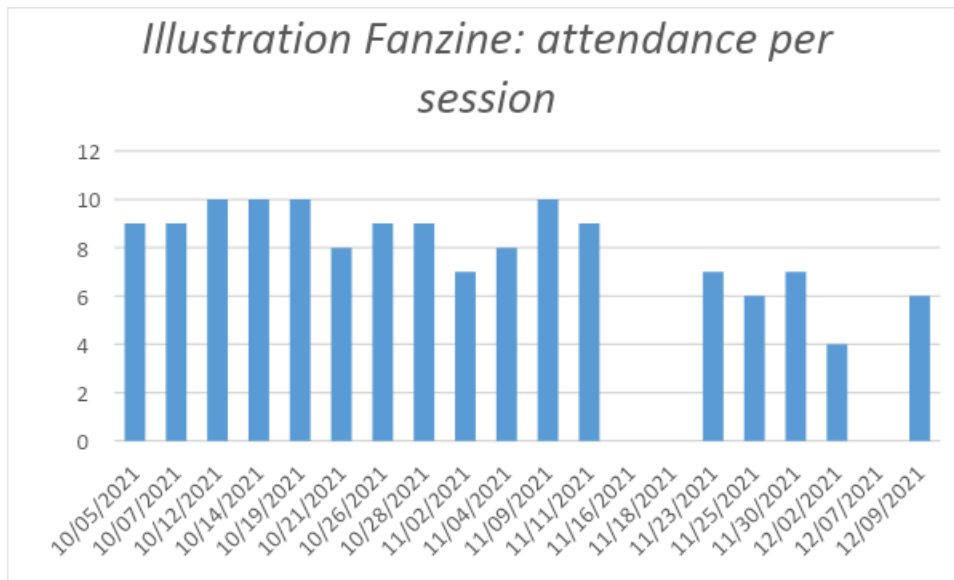

- Instructors mentioned the work in progress of instructional videos of cinematography for kids that missed sessions or want to review them.
- Instructors reported that participants were very happy with their final projects and presentations.
- It was reported in Cinenautas DIF that Byte's materials were misplaced. DIF personnel punishes kids by leaving them alone were Byte keeps their courses stuff. Nothing was missing, but this might cause problems in the future.

<i>Don Bosco Baile y Deporte: Attendance and Demographics</i>	
Enrolled participants	19
Total number of sessions	20
Percentage of girls	68%
Percentage of boys	32%
Average age	11
Average age of girls	11
Average age of boys	12
Average number of participants per session	12
Percentage of participants that attended 100% of the sessions	21%
Percentage of participants that attended 50% or more of the sessions	63%
Percentage of participants that attended 50% or less of the sessions	37%
Percentage of girls participants that attended 50% or more of the sessions	54%
Percentage of boys participants that attended 50% or more of the sessions	83%
Total percentage of group attendance	62%

Observations and recommendations:

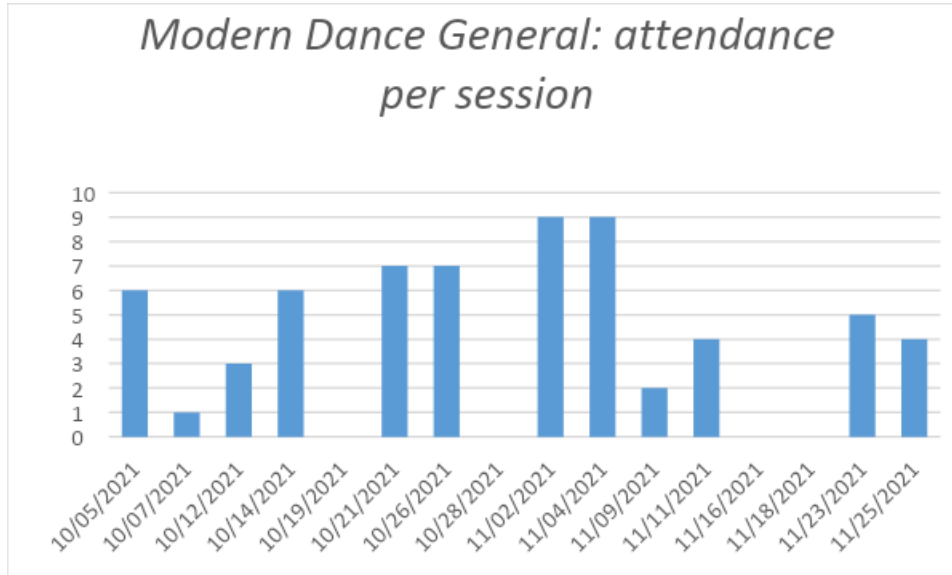

- Attendance was more or less stable thought the trimester.
- Some boys hide to avoid dancing. The instructor mentions it was probably because they are shy. It seems dancing might be considered feminine by them. I recommend to do a small investigation of this.

<i>Illustration Fanzines: Attendance and Demographics</i>	
Enrolled participants	10
Total number of sessions	20
Percentage of girls	80%
Percentage of boys	20%
Average age	14
